

Dear Colleagues,

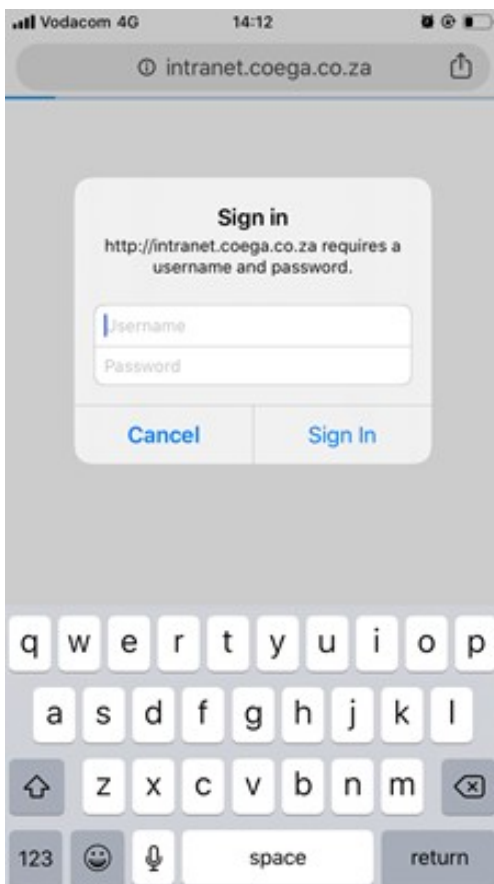

Albeit reduced, there is still a bottleneck in the morning at the main gate, at the head office. In order to speed-up the screening process at the gate, a tool has been provided to the CDC to do an honest self-screening at home (or at least before reaching the CDC main entrance)

All are encouraged to utilise the Covid-19 questionnaire available on the link:
<http://intranet.coega.co.za/covidquestions>

Employees have to complete the questionnaire daily. To ensure employees do not have to retype the URL every time they complete the questionnaire, please create a shortcut with the bookmark link.

Any queries on how to create a shortcut on your cell phone can be directed to Nelisa Mandla through MS Team or Skype.

- 1) Link: <http://intranet.coega.co.za/covidquestions>
- 2) Provide login details when prompted.

3) Complete the covid-19 questionnaire
